7 December 2016

Dear Mrs Watkiss

The report to follow outlines your results from the Friends and Family Test. This report is based on the feedback from 30 patient questionnaires in November 2016.

In order to enable us to improve our services we would be grateful if you could complete a feedback form using the following link: <http://www.cfepsurveys.co.uk/questionnaires/feedback/default.aspx?psid=196497>

Please contact the office on 01392 823766 or reports@cfepsurveys.co.uk if you require further information about your results.

I hope the report forms a useful basis for reflection on the service provided to patients.

Yours sincerely

CFEP UK Reports Team

Frequency and distribution of ratings for the Friends and Family Test question

How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?

Table 1

Criteria category for scoring	Response scale	Number of responses	Percentage of responses*
Promoters	Extremely likely	22	76%
Passive	Likely	5	17%
Detractors	Neither likely nor unlikely	0	0%
	Unlikely	0	0%
	Extremely unlikely	1	3%
	Don't know	1	3%
Total responses to this question		29	99%

* May not add up to 100% due to rounding

Number of patients who left Q1 blank (but provided other feedback on the questionnaire)	1
Total number of patients providing feedback	30

Graph 1

93% of patients who responded to the survey would be either extremely likely or likely to recommend your practice to friends and family if they needed similar care or treatment.

The sum of the 'Extremely likely' and 'Likely' percentage of responses in Table 1 may not equal the percentage in the grey box above due to rounding.

Of those 29 patients who answered the Friends and Family Test question, 29 (100%), filled out a paper questionnaire and 0 (0%), completed a questionnaire online.

Patient comments

The following comments are from patients who indicated that they were happy for these to be made public.

All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

Please tell us why you answered as you did in question 1:

- We have received thoughtful, personal and expert care from both doctors at the practice you have gone above and beyond when our children needed it.
- I have felt I can be honest with doctor and nurse and ask questions even when time is limited.
- Care taken.
- Because all care received at the practice.
- Because they help me when I did not have a GP.
- One doctor is very understanding and always has time for you and is a first-class GP.
- Can generally get an appointment without too much wait. GP calls back for telephone consultation.
- Always get an appointment when needed and quickly. One doctor has always been brilliant.
- Very good all round from receptionist to doctors.
- Because we can always get an appointment. The doctors are very nice and look after us very well.
- Sometimes consultations feel short but I always feel like I have been listened to and cared for.
- Amazing practice, with extremely helpful staff.
- Always go above and beyond. Outstanding care.
- One doctor is both cold and disinterested.

Please tell us why you answered as you did in question 1:

- Never had any problems. I can always get an appointment. Been with surgery for a long time.
- Very friendly practice, one doctor really cares about their patients.
- Very well-informed GPs who listen and care, also easy to get an appointment.
- Always see same doctor (not group practice). Service provided is excellent. Easy to book appointment. Very pleasant atmosphere.
- Good service.
- Very happy with service and the doctor.
- Friendly staff.
- It is an efficient and reliable service which has been consistently good.
- Because I value the doctor's care for my family and value their role in this community. All staff are super. I have recommended the practice to a family member relocating to the district in the last month.
- Always prompt appointments. Minimal waiting time. Excellent doctor.
- Experience of this and other practices.

Additional information on the Friends and Family Test

The Friends and Family Test (FFT) is a feedback tool that supports the fundamental principle that people who use NHS services should have the opportunity to provide feedback on their experience that can be used to improve services. It is not a traditional survey. It is a continuous feedback loop between patients and practices.

Practices can use the feedback gathered through the FFT to celebrate successes and to support staff to make improvements where the experience of service does not live up to expectations. FFT results are also one useful source of information which can help to inform choice for patients and the public.

More information and guidance about the use of the FFT in the NHS can be found at <http://offlinehbpl.hbpl.co.uk/NewsAttachments/PGH/FFT.pdf> and <http://www.england.nhs.uk/wp-content/uploads/2014/07/fft-imp-guid-14.pdf>.
