Dear Ms Soubry

The report to follow outlines your results from the Friends and Family Test. This report is based on the feedback from 24 patient questionnaires in May 2018.

In order to enable us to improve our services we would be grateful if you could complete a feedback form using the following link: <http://www.cfepsurveys.co.uk/questionnaires/feedback/default.aspx?psid=218586>

Please contact the office on 01392 927005 or [reports@cfepsurveys.co.uk](mailto:reports@cfepsurveys.co.uk) if you require further information about your results.

I hope the report forms a useful basis for reflection on the service provided to patients.

Yours sincerely

CFEP UK Reports Team

Frequency and distribution of ratings for the Friends and Family Test question

**How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?**

Table 1

Criteria category for scoring	Response scale	Number of responses	Percentage of responses*
Promoters	Extremely likely	16	67%
Passive	Likely	7	29%
Detractors	Neither likely nor unlikely	0	0%
	Unlikely	0	0%
	Extremely unlikely	1	4%
	Don't know	0	0%
Total responses to this question		24	100%

\* May not add up to 100% due to rounding

Graph 1

**96% of patients who responded to the survey would be either extremely likely or likely to recommend your practice to friends and family if they needed similar care or treatment.**

The sum of the 'Extremely likely' and 'Likely' percentage of responses in Table 1 may not equal the percentage in the grey box above due to rounding.

**Of those 24 patients who answered the Friends and Family Test question, 24 (100%), filled out a paper questionnaire and 0 (0%), completed a questionnaire online.**

## Patient comments

The following comments are from patients who indicated that they were happy for these to be made public.

All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

### Please tell us why you answered as you did in question 1:

- On the rare occasions I have had to ring for appointment prompt helpful service and the doctor rang me back on the time the receptionist stated.
- Always helpful with booking and treatment for the whole family.
- Can usually get an appointment relatively quickly. Thoughtful GP who gives you the time to explain yourself. Good call back service when needed.
- Pleasant staff. Very good doctor.
- Very good doctor. No trouble.
- Being a small practice the waiting time is very short. One also has appointments with your GP 99% of the time.
- Very happy with all aspects of the practice.
- Good practice with friendly staff.
- Very friendly practice. Able to make appointment easily. Confidence in GP.
- Lovely service.
- Amazing doctors! Always available appointments! Fast and effective!
- Good staff, amazing doctors that make you feel at ease.
- My doctor is one of a kind. Couldn't ask for better.
- Been here for many years now always been friendly helpful staff, reception always smiling.

Please tell us why you answered as you did in question 1:

- Welcoming surgery - very good doctor.
- Receptionists are always so helpful and make time at the practice a lot less stressful.
- Positive friendly service. Generally easy to get appointments when needed. Great advice/treatment.
- Because I think that this is a first class surgery I can call in the morning and I will have an appointment the same day. Doctors are great and staff friendly and helpful.
- Reception are lovely make the most stressful times seem not so bad.
- I find GP practice very helpful and friendly.
- Always been good, only put "likely" not "extremely" because most of my friends and family don't live locally enough.

### Additional information on the Friends and Family Test

The Friends and Family Test (FFT) is a feedback tool that supports the fundamental principle that people who use NHS services should have the opportunity to provide feedback on their experience that can be used to improve services. It is not a traditional survey. It is a continuous feedback loop between patients and practices.

Practices can use the feedback gathered through the FFT to celebrate successes and to support staff to make improvements where the experience of service does not live up to expectations. FFT results are also one useful source of information which can help to inform choice for patients and the public.

More information and guidance about the use of the FFT in the NHS can be found at <http://offlinehbpl.hbpl.co.uk/NewsAttachments/PGH/FFT.pdf> and <http://www.england.nhs.uk/wp-content/uploads/2014/07/fft-imp-guid-14.pdf>.
