7 January 2019

Dear Ms Soubry

The report to follow outlines your results from the Friends and Family Test. This report is based on the feedback from 20 patient questionnaires in December 2018.

In order to enable us to improve our services we would be grateful if you could complete a feedback form using the following link: <http://www.cfepsurveys.co.uk/questionnaires/feedback/default.aspx?psid=218593>

Please contact the office on 01392 927005 or [reports@cfepsurveys.co.uk](mailto:reports@cfepsurveys.co.uk) if you require further information about your results.

I hope the report forms a useful basis for reflection on the service provided to patients.

Yours sincerely

CFEP UK Reports Team

Frequency and distribution of ratings for the Friends and Family Test question

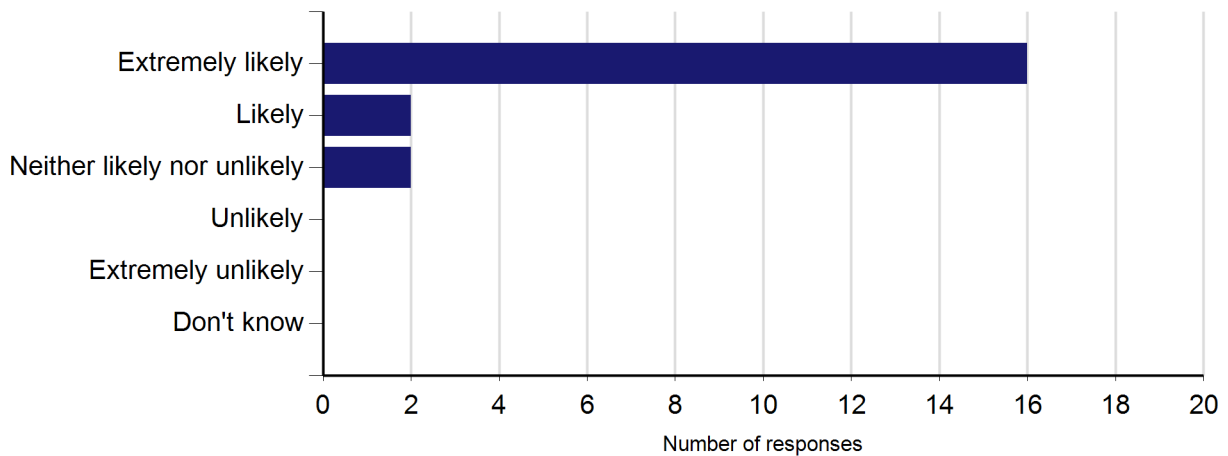

**How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?**

Table 1

Criteria category for scoring	Response scale	Number of responses	Percentage of responses*
Promoters	Extremely likely	16	80%
Passive	Likely	2	10%
Detractors	Neither likely nor unlikely	2	10%
	Unlikely	0	0%
	Extremely unlikely	0	0%
	Don't know	0	0%
Total responses to this question		20	100%

\* May not add up to 100% due to rounding

Graph 1

**90% of patients who responded to the survey would be either extremely likely or likely to recommend your practice to friends and family if they needed similar care or treatment.**

The sum of the 'Extremely likely' and 'Likely' percentage of responses in Table 1 may not equal the percentage in the grey box above due to rounding.

**Of those 20 patients who answered the Friends and Family Test question, 20 (100%), filled out a paper questionnaire and 0 (0%), completed a questionnaire online.**

## Patient comments

The following comments are from patients who indicated that they were happy for these to be made public.

All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

### Please tell us why you answered as you did in question 1:

- I had an initial bad experience and changed to another doctor in the practice. I do not come to practice very often and feel when I do it's all about my blood pressure even if I come for another reason and I never get chance to expand on other problems. But generally friendly welcome.
- Never had a problem with this surgery. I recently had an incident where I needed to get my child registered and in promptly, and the receptionist sorted everything out for us with no hassle. They were a star!
- Always get an appointment when needed. Friendly reception. Have utmost faith in my GP.
- Everyone's very polite and helpful.
- The receptionists are lovely, really helpful and kind, particularly one: they are the best doctor's receptionist I have ever had. Nothing is too much trouble, always positive! Also my doctor is fantastic, they really listen and you don't feel you have to rush out. Thank goodness I found them!
- I have never been made to feel as welcome as I did here, exceptional service. Receptionists deserve a medal with the amount they have to put up with. Well done everyone!
- Amazing service, great staff, couldn't ask for better!
- Perfect, most lovely staff, nothing is ever too much!
- I have always had excellent treatment at this surgery and so has my wife. The doctors, nurses and receptionists are great!
- Professional and capable team dealing with poorly people!
- Wouldn't go anywhere else, service beats my expectations every time.

Please tell us why you answered as you did in question 1:

- Love this doctors.
- Haven't seen any doctors yet as only just registered here but the surgery seems very efficient and registered us really quickly. The reception staff were very helpful and caring.
- Always a good service. I like the way the staff all treat us as individuals. Very caring and efficient.
- Quick to get a same day appointment, friendly.
- I was seen the same day and referred to QMC with an accurate diagnosis.
- Because they are good and nearly always on time and don't have to wait long for an appointment.
- Because I have only been a patient of the doctor for a short time.
- After many years with the same practice, dissatisfaction with the service crept in. Sherrington Park Practice was recommended to me and I have never looked back since I joined. The kindness and care that I have received here is overwhelming. Thank you.

### Additional information on the Friends and Family Test

The Friends and Family Test (FFT) is a feedback tool that supports the fundamental principle that people who use NHS services should have the opportunity to provide feedback on their experience that can be used to improve services. It is not a traditional survey. It is a continuous feedback loop between patients and practices.

Practices can use the feedback gathered through the FFT to celebrate successes and to support staff to make improvements where the experience of service does not live up to expectations. FFT results are also one useful source of information which can help to inform choice for patients and the public.

More information and guidance about the use of the FFT in the NHS can be found at <http://offlinehbpl.hbpl.co.uk/NewsAttachments/PGH/FFT.pdf> and <http://www.england.nhs.uk/wp-content/uploads/2014/07/fft-imp-guid-14.pdf>.
