Dear Ms Soubry

The report to follow outlines your results from the Friends and Family Test. This report is based on the feedback from 26 patient questionnaires in February 2019.

In order to enable us to improve our services we would be grateful if you could complete a feedback form using the following link: <http://www.cfepsurveys.co.uk/questionnaires/feedback/default.aspx?psid=230568>

Please contact the office on 01392 927005 or reports@cfepsurveys.co.uk if you require further information about your results.

I hope the report forms a useful basis for reflection on the service provided to patients.

Yours sincerely

CFEP UK Reports Team

Frequency and distribution of ratings for the Friends and Family Test question

How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?

Table 1

Criteria category for scoring	Response scale	Number of responses	Percentage of responses*
Promoters	Extremely likely	21	81%
Passive	Likely	4	15%
Detractors	Neither likely nor unlikely	1	4%
	Unlikely	0	0%
	Extremely unlikely	0	0%
	Don't know	0	0%
Total responses to this question		26	100%

* May not add up to 100% due to rounding

Graph 1

96% of patients who responded to the survey would be either extremely likely or likely to recommend your practice to friends and family if they needed similar care or treatment.

The sum of the 'Extremely likely' and 'Likely' percentage of responses in Table 1 may not equal the percentage in the grey box above due to rounding.

Of those 26 patients who answered the Friends and Family Test question, 26 (100%), filled out a paper questionnaire and 0 (0%), completed a questionnaire online.

Patient comments

The following comments are from patients who indicated that they were happy for these to be made public.

All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

Please tell us why you answered as you did in question 1:

- Flexible time for appointments i.e. evenings and early morning.
- I have always received considerate, helpful care here.
- Would be a good idea to have a telephone queuing system when ringing for an appointment on a morning - rather than "chance" (otherwise would have ticked "Extremely likely").
- Good.
- Seen.
- Never had any problems.
- Never had to wait too long for an appointment, plus all staff are helpful and respectful.
- I love this doctors, have been registered here as long as I can remember. Have such a lovely professional relationship with reception staff. Nothing is ever too much.
- Don't tend to think of GP as something I would recommend.
- Never had any problems with getting in to see a doctor.
- Always happy to help, nothing is ever too much. Outstanding practice.
- Reliable, friendly, can get appointment/phone calls as needed. Small - a family approach. Whole person care and not just symptom related.
- I'm always very happy and comfortable here. All of the staff are lovely, understanding and caring.

Please tell us why you answered as you did in question 1:

- One doctor is great at listening to what you say. Another member of staff is also fabulous. I've always been able to get a same day appointment - important when you have kids!
- Great place, never want to leave.
- Reception staff are amazing.
- Lovely staff, outstanding service. Couldn't ask for better.
- I've been a patient a short time and always have been treated respectfully by all staff.
- Friendly team, good service, great doctors.
- Friendly, efficient and recommended by others.
- Good service and clean facilities. The staff have always been friendly.
- Very good practice. Polite receptionists and rarely have any issues making an appointment. Very good nurses and doctors.

Additional information on the Friends and Family Test

The Friends and Family Test (FFT) is a feedback tool that supports the fundamental principle that people who use NHS services should have the opportunity to provide feedback on their experience that can be used to improve services. It is not a traditional survey. It is a continuous feedback loop between patients and practices.

Practices can use the feedback gathered through the FFT to celebrate successes and to support staff to make improvements where the experience of service does not live up to expectations. FFT results are also one useful source of information which can help to inform choice for patients and the public.

More information and guidance about the use of the FFT in the NHS can be found at <http://offlinehbpl.hbpl.co.uk/NewsAttachments/PGH/FFT.pdf> and <http://www.england.nhs.uk/wp-content/uploads/2014/07/fft-imp-guid-14.pdf>.
